ABOUT ME

I have over 5 years of hands-on experience developing and maintaining projects, from large-scale government tax automation systems to modern web platforms. My expertise includes JavaScript, TypeScript, React, and other modern technologies, ensuring scalable and efficient solutions.

I am committed to meeting deadlines and embracing challenges with a solution-oriented mindset. Before jumping to solutions, I prioritize deeply understanding problems to ensure the best possible outcome.

Programming isn't just my job - it's my passion, I love what I do. If you're looking for someone who integrates technical expertise with business-oriented solutions, let's connect!

Date of birth: 17.12.1989
Sex: Male
Nationality: Azerbaijani

WORK EXPERIENCE

Senior Front-end Developer (Team Lead)
Cybernet LLC | September 2021 - Now
Baku, Azerbaijan (On-site)

One of the largest and most complex web projects in Azerbaijan - the development of an Automated Taxation Information System for the State Tax Service of the Azerbaijani government. I have contributed to various major modules and, for over a year, have been leading the declaration module, enhancing its workflow and risk management processes.

JavaScript and React Instructor
IT Innovations Academy | September 2024 - February 2025
Baku, Azerbaijan (Part-time)

I provided hands-on training, mentored students, and helped them build real-world projects, focusing on modern front-end development best practices.

Junior Front-end Developer
TechNova | April 2020 - May 2021
Saint Petersburg, Russia (Remote)

I contributed to the development of various projects, including a flower shop, a language course platform, and a website for a beverage production company. I focused on creating user-friendly interfaces and enhancing the overall user experience.

EDUCATION

Sapienza University of Rome
Master's degree in Advanced Economics | Rome, Italy | 2014 - 2017

Azerbaijan State University of Economics
Bachelor's degree in Finance | Baku, Azerbaijan | 2007 - 2011
